

INNOVATE YOUR FUTURE

INNOVATIVE[®]
AUTOMATION. LEAD GLOBALLY.

INT. MACHINE BUILDER

POSITION OVERVIEW

Innovative Automation is looking for an Intermediate Machine Builder to join our team of Innovators. In this position, you will use output from the design and machining departments, together with purchased parts, to build custom automation equipment.

Even better, in this role you will be learning every single day and you should be excited about that. You will quickly become a core part of the innovative team and an active decision maker helping to guide our output.

KEY RESPONSIBILITIES

- Communicate the status of current projects with management and team members.
- Use Innovative Automation's scheduling and budget requirements, and meet all time and material allowances.
- Maintain project binders per ISO policy and keep documentation updated.
- Install machined parts in mechanisms, machines, equipment and complete general assembly tasks.
- Operate the machine on trial runs to adjust settings, cycle times, etc. to ensure project meets customer specifications and complete functionality testing.
- Knowledge of pneumatics and hydraulics.
- Ability to work independently and as part of a team.
- Occasional travel within North America.

QUALIFICATIONS

- Minimum Certificate of Qualification for a Precision Metals (General Machinist, Mould Maker or Tool and Die Making) or Millwright.

PERKS

- Live and work in an awesome community. No more traffic headaches or delays.
- Great benefits package.
- Work in a brand new, state of the art facility.
- Competitive salary.
- Amazing work culture.
- Safe and responsible environment that exceeds applicable industry standards.
- Mentorship and growth opportunities.

HOW TO APPLY

Do you have the right skills, attitude and approach for this position? Let's connect! Our hiring process begins when you submit a cover letter and resume detailing why you believe Innovative Automation is the best next step (or start) of your career. We can't wait to hear from you.

WHO IS INNOVATIVE AUTOMATION?

Innovative Automation is about more than a job or a product. It is about building a team of passionate and resourceful Innovators who strive to create cutting edge, quality, manufacturing solutions. More importantly, we are a family of driven individuals who love what we do and the community we work and live in.

WHO ARE YOU?

- You don't believe in dead ends; there is always a solution.
- You want to be involved in building cool things.
- You are confident and driven, but also a true team player.
- You aren't afraid to ask for help.
- You can't wait to learn new things and, more importantly, share that knowledge.
- You strongly believe that where there's a will, there's a way.
- You feel responsible for understanding and meeting expectations. It is important to you that you do a good job.
- You believe in professional and personal development.
- You thrive in fast paced environments.
